**SAFETY AT
STREET &
ROAD WORKS**

CHANGES TO LEGISLATION WITHIN THE CODE OF PRACTICE FOR SAFETY AT STREET AND ROAD WORKS.

Don't get caught out. Make sure you and your team are up-to-date.

www.euskills.co.uk | www.eusr.co.uk

Energy & Utility Skills' programme can be delivered individually, through an online portal or to groups of up to 12 people in a standard class room environment.

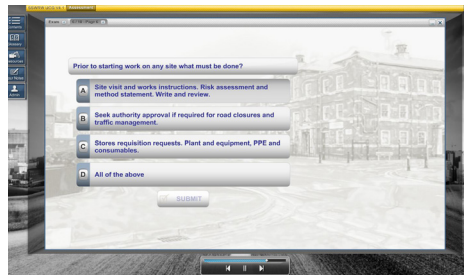

It provides an overview of the key legislative changes within the Code of Practice for Safety at Street Works & Road Works (October 2014).

THE SOLUTION

The programme is aimed at all Operatives, Supervisors, Managers, Planners and Designers responsible for making sure that all street and road works are safe for both operatives and the general public.

The interactive programme will be available for:

- Operatives, supervisors and managers who undertake, supervise or manage works on the public highway
- SHEQ Auditors
- Sub-contractors who undertake, supervise or manage works on the public highway

For more information, please contact the Energy & Utility Skills Group on 0845 077 99 22 or visit the EUSR website: www.eusr.co.uk
