

Domestic Natural Gas Safety		
ACS Code	Title	Description
CCN1	Core Domestic Natural Gas Safety	Core domestic natural gas safety.
CKR1	Domestic Natural Gas & LPG Domestic Cooking Appliances	Install, commission, exchange, disconnect, service, repair and break down of domestic cooking appliances.
CKHB1	Domestic Natural Gas & LPG Gas Range Cooker/Boilers	Install, commission, exchange, disconnect, service, repair and break down of domestic gas range cookers and range cooker/boilers with atmospheric and/or forced draught burners.
DAH1	Domestic Natural Gas & LPG Ducted Air Heaters	Install, commission, exchange, disconnect, service, repair and break down of domestic gas fired ducted air heaters of heat input ≤ 70 kW.
DFDA1	Domestic Natural Gas & LPG Forced Draught Gas Burners	Install, exchange, commission, disconnect, service, repair, break down and convert gas fired appliances, fitted or to be fitted with forced draught gas burners of heat input ≤ 70 kW net heat input in domestic dwellings. Can also be used for appliances of net heat input > 70 kW installed in domestic dwellings to BS 6798 and BS 5440-1 and -2.
HTR1	Domestic Natural Gas & LPG Gas Fires And Wall Heaters	Install, exchange, commission, disconnect, service, repair and break down of domestic open, balanced fan assisted flued gas fires, wall heaters, convector heaters, stoves and flueless gas fires with and without catalytic converters.
HWB1	Domestic Natural Gas & LPG Swimming Pool Boilers	Install, exchange, commission, disconnect, service, repair, and break down of gas fired hot water boiler appliances with atmospheric burners.
LAU1	Domestic Natural Gas & LPG Domestic Laundry Appliances	Install, commission, exchange, disconnect, service, repair and break down of domestic gas laundry appliances.

LEI1	Domestic Natural Gas & LPG Leisure/Miscellaneous Appliances	Install, commission, exchange, disconnect, service, repair and break down of domestic gas fired leisure and miscellaneous equipment/appliances.
MET1-2	Domestic Natural Gas Meters	Install, commission, exchange and remove domestic gas meters.
CPA1	Domestic Natural Gas & LPG Combustion Performance Analysis	Combustion performance gas analysis required for commissioning at initial installation, re-commissioning after servicing or replacement of parts or the identification of full service requirements on gas fired appliances. Can also be used for appliances of heat input > 70 kW net installed in domestic dwellings in accordance with BS 6798 and BS 5440-1 & - 2.
CMDDA1	Domestic Carbon Monoxide/Carbon Dioxide Atmosphere & Appliance Testing for 1st, 2nd & 3rd Family Gases	CO/CO ₂ and combustion performance testing using electronic portable gas analysers on domestic gas appliances following indication of fumes, smells, spillage or leakage of combustion products, CO detector activation etc.
CENWAT	Domestic Natural Gas And LPG Central Heating/Hot Water Boilers & Circulators, Combination Boilers, Storage Water Heaters & Instantaneous Water Heaters	Install, exchange, commission, disconnect, service, repair and breakdown of domestic gas fired central heating/hot water boilers and circulators, combination boilers, storage water heaters and instantaneous water heaters of heat input ≤ 70 kW.

Emergency Service Provider and Gas Metering		
ACS Code	Title	Description
CESP1 CMA1 CMA2 LS	Emergency Service Provider & Non-Domestic And Domestic Gas Meter Installer Natural Gas	CESP1: Core domestic and non-domestic emergency service gas work. CMA1: Core domestic and non-domestic gas metering work. CMA2 LS: Core Domestic Limited Scope meter work limited to installing domestic gas meters which are sealed off at the meter outlet fitting and labelled; ensuring gas is not left available to the installation pipework and/or appliances.
CMIT1	Emergency Service Provider Non-Domestic And Domestic Gas Meter Installer Meter Instrumentation Natural Gas	Limited scope gas work on meter instrumentation.
CoDNESP1	Emergency Service Provider &/Or Gas Meter Installer Natural Gas	Gas safety competence for those holding CCN1 who intend to carry out work for an ESP, dealing with gas emergencies downstream of the ECV/MIV.
CMET1	Emergency Service Provider And Gas Meter Installer Low Pressure Diaphragm & Rotary Displacement Meter Installations Natural Gas	Install, commission, service, maintain and exchange LP diaphragm and RD meter installations. Candidates holding CMET1 are also deemed to hold MET4.
CMET2	Emergency Service Provider & Gas Meter Installer Diaphragm, RD And Turbine Meter Installations Natural Gas	Install, commission, service, maintain and exchange non-domestic diaphragm, RD and turbine meter installations. Candidates holding CMET2 are also deemed to hold REGT2.
MET3 LS	Limited Scope Emergency Service Provider & Gas Meter Installer Domestic Gas Meter Installations Natural Gas	Install and commission domestic sized gas meters which are then sealed off at the meter outlet fitting, ensuring gas is not left available to installation pipework.

MET4	Emergency Service Provider & Gas Meter Installer Non-Domestic Diaphragm Meters Natural Gas	Install, exchange, remove and commission diaphragm type gas meters. Candidates holding CMET1 are also deemed to hold MET4. Candidates successfully completing this assessment may also install LP meters of capacity $\leq 6 \text{ m}^3/\text{h}$.
REGT1	Emergency Service Provider & Gas Meter Installer Testing/Commissioning Domestic Medium Pressure Regulators Natural Gas	Install and commission domestic meter regulators.
REGT2	Emergency Service Provider & Gas Meter Installer Testing/Commissioning Non-Domestic Medium Pressure Regulators Natural Gas	Install and commission non-domestic MP meter regulators and controls. Candidates holding CMET2 are also deemed to hold REGT2.

LPG Safety		
ACS Code	Title	Description
CCLP1	Core Domestic LPG Safety	Core domestic LPG gas safety.
CCLP1 PD	Domestic LPG Permanent Dwellings	Core domestic LPG competencies for permanent dwellings. CCLP1 PD can only be awarded when the Candidate holds CCLP1.
CCLP1 RPH	Domestic LPG Residential Park Homes	Core domestic LPG competencies for RPHs. CCLP1 RPH can only be awarded when the Candidate holds CCLP1.
CCLP1 LAV	Domestic LPG Leisure Accommodation Vehicles	Core domestic LPG competencies for LAVs. CCLP1 LAV can only be awarded when the Candidate holds CCLP1.
CCLP1 B	Domestic LPG Boats	Gas safety competence in core domestic LPG for boats. CCLP1 B can only be awarded when the Candidate holds CCLP1.
CCLP1 EP	Domestic LPG External Pipework	Stand-alone Limited Scope Assessment. Installation of external pipework for LPG supplies from storage vessel to emergency isolation valve at point of entry to premises.
VESLP1	Domestic LPG Gas Storage Vessels	Gas storage vessel connections, controls and safety requirements. Sizing external above ground and un-jointed buried below ground pipework with pipe volumes to BS 5482 for single LPG supplies.
VESLP2	Domestic LPG Single Supply Gas Storage Vessels PE Pipes	Gas storage vessel connections, controls and safety requirements, PE electro fusion jointing, sizing external above and below ground pipework.

EFJLP1	Domestic/Non-Domestic NG & LPG	Gas safety competence in electro-fusion jointing of PE pipework and fittings.
CCLP1 MC	Domestic LPG Mobile Cabinet Heaters	Core competencies required for LPG mobile cabinet heaters (CCLP1 MC), and the specific competencies to commission service, repair and break down domestic butane gas fired mobile cabinet heaters (CABLP1).
CABLP1	Domestic LPG Mobile Cabinet Heaters	Exchange, commission, disconnect, service, repair and break down domestic butane gas fired mobile cabinet heaters and single bottle supply leisure equipment.
CCLP1 EPC	Domestic LPG External Pipework Connections	Installation and commissioning of service pipework; single and multiple supplies. Re-connection and commissioning of existing installation pipework. Installation and commissioning of pre-fabricated LPG meter installations Re-lighting of gas appliances.
LEILP1	Domestic LPG Single Bottle Supply Leisure Equipment	Exchange, disconnection, service, repair, break down and commission domestic butane and propane (single bottle supply) gas fired leisure equipment.
HTRLP2	Domestic LPG Closed Flue Gas Fires	Install, exchange, disconnect, service, repair, break down and commission LPG closed flue gas fires.
HTRLP3	Domestic LPG Caravan Space Heaters	Install, exchange, disconnect, service, repair, break down and commission LPG caravan space heaters.
REFLP2	Domestic LPG Caravan/Boat Refrigerators	Install, exchange, disconnection, service, repair, break down and commission domestic LPG space refrigerators in motorised and touring caravans, and boats.
WATLP2	Domestic LPG Caravan Water Heaters	Install, exchange, commission, disconnect, maintain, service, repair and break down domestic LPG gas water heating appliances in motorised and touring caravans.

WAHLP1	Domestic LPG Boat/Caravan Warm Air Heaters	Install, exchange, disconnect, service, repair, break down and commission LPG warm air heating systems in boats and LAVs.
--------	--	---

Non Domestic Gas Safety		
ACS Code	Title	Description
Non-Domestic Core Generic Part A	Non-Domestic Natural Gas & LPG Core Generic Part A Including COCNPI 1LS	Core non-domestic gas safety.
Non-Domestic Core Generic Part B	Non-Domestic Natural Gas & LPG Core Generic Part B	Core non-domestic gas safety common to non-domestic heating, catering and laundry sectors.
COCN1	Non-Domestic Natural Gas Core Heating Appliances	Core areas of gas work common to non - domestic heating appliances.
CCCN1	Non-Domestic Natural Gas Core Catering Appliances	Core areas of gas work common to catering appliances. Also includes food technology areas in educational establishments.
CCLNG1	Non-Domestic Natural Gas Core Laundry Appliances	Core areas of gas work common to non-domestic laundry appliances.
ICAE1 LS	Non-Domestic Natural Gas & LPG Appliances/Equipment (First Fix)	Placing, erecting and installing first fix non-domestic appliances/equipment without connection to a live gas supply. Candidates will require ICPN1 LS for pipework connection of diameter > 35 mm (R1¼).
ICPN1	Non-Domestic Natural Gas & LPG Pipework & Fittings	First fixing of non-domestic installation pipework.
ICPN1 LS	Non-Domestic Natural Gas & LPG Pipework & Fittings Limited Scope	First fixing of installation pipework in non-domestic premises, without connection to a live gas supply.
TPCP1	Non-Domestic Natural Gas; LPG; Other Gases Testing And Purging	Pneumatic strength testing, tightness testing and direct purging of non-domestic gas installations. Candidates who hold TPCP1 are also deemed to hold TPCP1A.

TPCP1A	Non-Domestic Natural Gas Testing And Purging	Strength testing, tightness testing and direct purging of small, low pressure Natural Gas non-domestic gas installations. Engineers who hold TPCP1 (covering IGE/UP/1) are deemed to hold TPCP1A, provided they have the required information from IGE/UP/1A available when working.
BMP1	Non-Domestic Natural Gas Boosters	Assembly, install, commission, service, repair and break down of gas booster installations, associated controls and pipework up to 0.5 bar pressure. Does not include tightness testing and purging (see TPCP1A and TPCP1).
CCP1	Non-Domestic Natural Gas & LPG Commissioning Plant And Equipment	Commissioning non-domestic plant and equipment.
CDGA1	Non-Domestic Natural Gas & LPG Direct Fired Heating Appliances & Equipment	Install, commission, service, repair and break down of direct gas fired heating appliances and equipment.
CGFE1	Non-Domestic Natural Gas & LPG Gas Fuelled Engines	Install, commission, service, repair and break down of gas fuelled spark ignition and dual fuelled engines. Candidates, who carry out work solely on individually sited gas engines in purpose-built enclosures, containing no other gas appliances, may hold COCNPI1LS as an alternative pre-requisite core. Does not include tightness testing and purging (see TPCP1A and TPCP1).
CGLP1	Non-Domestic/Domestic LPG Small Gas Fired Generators	Install, commission, exchange, disconnect, service, repair, and break down small LPG fired generators.
CIGA1	Non-Domestic Natural Gas & LPG Indirect Gas-Fired Heating Appliances & Equipment	Install, commission, service, repair and break down of indirect gas fired heating appliances and equipment. Does not include tightness testing and purging (see TPCP1A and TPCP1).

CLE1	Non-Domestic Natural Gas & LPG Laundry Appliances	Install, commission, exchange, disconnect, service, repair, and break down non-domestic laundry appliances.
CORT1	Non-Domestic Natural Gas & LPG Overhead Radiant Plaque And Tube Heaters	Install, commission, service, repair and break down of non-domestic overhead luminous radiant plaque and radiant tube heaters.
COMCAT1	Non-Domestic Natural Gas & LPG Atmospheric Burners	Install, commission, exchange, disconnect, service, repair, and break down of non-domestic boiling burners and open/solid top ranges)
COMCAT2	Non-Domestic Natural Gas & LPG Atmospheric Burners	Install, commission, exchange, disconnect, service, repair, and break down of non-domestic pressure type water boilers (Stills or equivalent).
COMCAT3	Non-Domestic Natural Gas & LPG Deep Fat & Pressure Fryers	Install, commission, exchange, disconnect, service, repair, and break down of non-domestic deep fat and pressure fryers.
COMCAT 4	Non-Domestic Natural Gas & LPG Fish And Chip Ranges	Install, exchange, disconnect, service, repair, breakdown and commission non-domestic gas catering fish and chip ranges.
COMCAT 5	Non-Domestic Natural Gas & LPG Forced Draught Burner Appliances	Install, commission, exchange, disconnect, service, repair, and break down non-domestic catering appliances with forced draught gas burners. Includes COMCAT 1, 2 & 3 appliances with forced draught burners.

Changeover Units		
ACS Code	Title	Description
CoCDN1	Changeover Non-Domestic to Domestic Natural Gas	Core domestic gas safety for those holding ND Core Generic Parts A & B.
CoLPNG1	Changeover Domestic LPG to Natural Gas	Gas safety for an operative intending to extend work range from LPG to include Natural Gas.
CoNGLP1	Changeover Domestic Natural Gas To LPG	Gas safety for an operative intending to extend work range from Natural Gas to include LPG.
CoNGLP1 PD	Changeover Domestic Natural Gas To LPG Permanent Dwellings	Gas safety for an operative intending to extend work range from Natural Gas to include LPG Permanent Dwellings.
CoNGLP1 RPH	Changeover Domestic Natural Gas To LPG Residential Park Homes	Gas safety for an operative intending to extend work range from Natural Gas to include LPG Residential Park Homes.
CoNGLP1 LAV	Changeover Domestic Natural Gas To LPG Leisure Accommodation Vehicles	Gas safety for an operative intending to extend work range from Natural Gas to include LPG Leisure Accommodation Vehicles.
CoNGLP1 B	Changeover Domestic Natural Gas To LPG Boats	Gas safety for an operative intending to extend work range from Natural Gas to include LPG Boats.
CoDND Part A	Changeover Core Generic Part A Domestic To Non-Domestic Natural Gas & LPG	Gas safety for an operative intending to extend domestic gas work range to include non-domestic Natural Gas work range.
CoDND Part B	Changeover Core Generic Part B Domestic To Non-Domestic Natural Gas & LPG	Gas safety for an operative intending to extend domestic gas work range to include non-domestic Natural Gas work range.
CoDNCO1	Changeover Domestic To Non-Domestic Natural Gas & LPG Core Heating	Gas safety for an operative intending to extend domestic heating Natural Gas work range to include non-domestic heating Natural Gas work range.

CoDC1	Changeover Domestic To Non-Domestic Natural Gas & LPG Core Catering	Gas safety for an operative intending to extend the work range from domestic Natural Gas installations to include Natural Gas catering installations. Includes dedicated catering establishments and also food technology areas in educational establishments.
CoCCLNG1	Changeover Domestic To Non-Domestic Natural Gas & LPG Core Laundry	Gas safety for an operative intending to extend domestic work range to include non-domestic laundry work. Candidates will also need to hold CLE1.
CoCATA1	Changeover Domestic To Non-Domestic Natural Gas & LPG Catering Appliances	Gas safety for an operative intending to extend work range from domestic Natural Gas appliances to include Natural Gas catering appliances.
CoNGLP1.CMC	Non-Domestic Changeover Natural Gas To LPG Mobile Catering	All common areas of mobile catering (LPG).
