

October 2019

Welcome to this month's Member Insight where we highlight key policy updates and important news from across our sector, including key events and consultations.

Energy & Utilities Skills Partnership Release Whitepaper on Water Supply and Public Health

This whitepaper has been independently written by Phillip Mills, Director of Policy Consulting Network. Entitled 'Mind the Gap - what's missing in protecting drinking water quality?', the whitepaper poses key questions that we should be asking water companies, the supply chain and wider sector.

National Occupational Standards and Gas Modern Apprenticeships Review

Energy & Utility Skills has been working with sector employers, training providers and professional bodies to review the Confined Spaces and Gas National Occupational Standards (NOS). Thank you to everyone who has been involved so far, your input has been valuable and will help to ensure they reflect industry need. **The next round of consultation, to review the draft NOS, will be launching in mid-November, so look out for further communications on this.** Click below to find out more.
