

Endorsed Training Programme Categories

We are making changes to the categories we use for Endorsed Training Programmes on our website and in QuartzWeb. Currently some ETPs have a different category on our website to that within QuartzWeb. Not all ETPs will be affected, those that will be are listed below.

These changes will make it much easier to search for a training provider on our website. NOTE: the endorsement that appears on EUSR and the reverse of an ID Card will not change at all.

Endorsed Training Programme (ETP)	Current ETP Website Category Name	New Website and QuartzWeb Category Name
Abrasive Wheels	Abrasive Wheels	Abrasive Wheels - Cutting
Petrol Driven Cut Off Saws / Abrasive Wheels	Abrasive Wheels	Abrasive Wheels - Cutting
Abrasive Cutting	Abrasive Wheels	Abrasive Wheels - Cutting
Gas Industry Electrofusion PE Pipe Jointing	Butt and Electrofusion Training	Butt - Electro Fusion
Electrofusion Welding	Butt and Electrofusion Training	Butt - Electro Fusion
Utility Excavations Specialist Training	Excavation Rescue	Excavations - Avoiding Danger from Underground Services
Avoiding Danger from Underground Services	Avoiding Danger from Underground Services	Excavations - Avoiding Danger from Underground Services
Appreciation of Excavation Safety This is a category and not an ETP name	Avoiding Danger from Underground Services	Excavations - Avoiding Danger from Underground Services
